

## Vendor Management and Labor Compliance Software Serving More Than 400 State, Local and Educational Organizations

Optimize your state supplier diversity (DBE, MBE, WBE, SBE) program with B2Gnow's intuitive platform. Simplify certification and streamline vendor registration seamlessly while accurately tracking spending and utilization.

### Vendor Management

- End-to-end management of supplier diversity and spend tracking programs
- Detailed spend analysis of all procurement and vendor spend
- Connections to 200+ certification directories to verify status

### Supplier Certification Management

- Manage and automate diversity certification processes
- Online vendor application submission streamlines process, saving time
- Allows for real-time visibility of certification information

### Prevailing Wage Labor Compliance

- Simplifies payroll tracking and wage updates for compliance with the Davis-Bacon Act, state prevailing wage laws, and local ordinances
- Provides real-time monitoring to maintain regulatory alignment
- Enhances audit readiness while improving operational efficiency

### Vendor Sales Reporting

- Automate statewide contract sales reporting
- Enable vendors to report online in electronic format
- Convenient review and approval process
- Leverage extensive reporting and tracking tools

### Available Contracting Vehicles

B2Gnow is a proud participant in several cooperative contract programs, including the National Association of State Procurement Officers Value Point program. This program and others offer government organizations a streamlined purchasing process.

## B2Gnow Solution

### A Quick Overview

B2Gnow is a leading provider of vendor management, prevailing wage labor compliance and grant management solutions, trusted by over 400 public agencies, including transits, state departments of transportation, airports, and other entities within the transportation sector. Offering twenty-five modules, B2Gnow provides a cost-effective and flexible solution that emphasizes vendor self-responsibility in managing and reporting their data, substantially reducing administrative effort.

The B2Gnow solution offers connections to 200+ certified directories, with most providing real-time status and details. Users can easily search for certified vendors by certification types, work codes, location, and more, ensuring efficient vendor management and compliance. With a wealth of experience spanning over 25 years, B2Gnow continues to evolve to meet the diverse needs of its clients, empowering them to navigate complex vendor management and compliance landscapes effectively.

### B2Gnow solutions are trusted by top state organizations from coast to coast.
