

## Vendor Management and Labor Compliance Software Serving State, Local and Educational Organizations

End-to-end supplier management for small, local and diverse (DBE, MBE, WBE, SBE) programs, including sourcing & registration, outreach, spend-tracking, online bidding and labor compliance

### Certified Vendor Management/Growth

- Connection to 200+ certified directories - most with real-time status and details
- Search for certified vendors by certification types, NAICS codes, location and more
- Conduct outreach campaigns to certified small, local, diverse firms

### Complete Spend Tracking & Analytics

- Match vendor expenditure data against all recognized certification directories
- Track spend from POs, credit cards, and Tier2 all the way through multiple tiers of contractors
- Easily report and visualize your overall, categorized spend data

### Capital Project Compliance

- Source certified small, local and diverse businesses - over 1 million registered vendors in system
- Track capital projects and construction spend by business type certifications – up to 10 Tiers
- Integrate with financial systems for seamless data consistency

### Prevailing Wage Labor Compliance

- Simplifies payroll tracking and wage updates for compliance with the Davis-Bacon Act, state prevailing wage laws, and local ordinances
- Provides real-time monitoring to maintain regulatory alignment
- Enhances audit readiness while improving operational efficiency

#### CUSTOMER SUCCESS STORY

## B2Gnow Solution

### A Quick Overview

B2Gnow is a leading provider of vendor management, prevailing wage labor compliance and grant management solutions, trusted by over 400 public agencies, including transits, state departments of transportation, airports, and other entities within the transportation sector. Offering twenty-five modules, B2Gnow provides a cost-effective and flexible solution that emphasizes vendor self-responsibility in managing and reporting their data, substantially reducing administrative effort.

The B2Gnow solution offers connections to 200+ certified directories, with most providing real-time status and details. Users can easily search for certified vendors by certification types, work codes, location, and more, ensuring efficient vendor management and compliance. With a wealth of experience spanning over 25 years, B2Gnow continues to evolve to meet the diverse needs of its clients, empowering them to navigate complex vendor management and compliance landscapes effectively.
