

Business Diversity Software Serving Hundreds of Federal, State and Local Transportation Organizations

B2Gnow provides powerful cloud-based software to more DOT's, transit authorities and airports than any other software provider and guarantees compliance with both 49 CFR Part 23 (ACDBE) and Part 26 (DBE) regulations.

Supplier Diversity Management

- › End-to-end management of supplier diversity and spend tracking programs
- › Detailed spend analysis of all procurement and vendor spend
- › Manage and automate diversity certification (DBE) processes

Procurement Management

- › Full online bid management from posting to proposal submission to award
- › Register, prequalify, and manage vendors and contractors
- › Manage certified utilization plans with verification

Grant Management

- › Streamline grant and fund management for state transportation agencies and other state agencies
- › Aviation - Optimize state aviation data collection and analysis
- › Rail - Standardize and streamline highway-rail crossing data management

Leader in the Transportation Sector

- › Trusted by 30+ State DOTs, 90+ Airports and Transit Authorities
- › Utilized by the Federal Aviation Administration and Federal Highway Administration
- › Staff deeply experienced in all transportation sectors

B2Gnow DIFFERENCE

B2Gnow = Compliance

B2Gnow Solution

A Quick Overview

B2Gnow is a leading provider of business diversity and grant management solutions, trusted by over 400 public agencies, including transits, state departments of transportation, airports, and other entities within the transportation sector. Offering twenty-five modules, B2Gnow provides a cost-effective and flexible solution that emphasizes vendor self-responsibility in managing and reporting their data, substantially reducing administrative effort.

The B2Gnow system offers connections to 200+ certified directories, with most providing real-time status and details. Users can easily search for certified vendors by certification types, work codes, location, and more, ensuring efficient vendor management and compliance. With a wealth of experience spanning over 25 years, B2Gnow continues to evolve to meet the diverse needs of its clients, empowering them to navigate complex supplier diversity and compliance landscapes effectively.
